Membership in the RJE has many benefits that support our communities, our respective societies and the engineering profession. Member societies of RJE are eligible to participate in all RJE activities, including the Engineers' Week Banquet and Career Day. Other events that the council has offered in the past also included: a golf tournament, leadership caucus and forum, speaker's bureau events, and membership socials. Member societies also benefit from the advertisement and networking opportunities provided by exposure to numerous other engineering and technical societies in the Richmond area.

Thank you for your continued support.
